

Covid-19 Vaccinations.

Dear Member

If you live in the Nyetimber & Pagham area and need to get to the Bognor Regis Health Centre to have your Vaccination, but require transport, please give me a ring on 268768 and we will try to and get you there.

Please note we can only offer this service to our current members because we are restricted by our Operator's Licence and the Association's Insurance.

Due to social distancing requirements, the Association's Minibus is now restricted to a maximum of 3 passengers. You will need to be able to board the minibus yourself as the driver has to maintain the 2m / 6ft distance rule.

We may not be able to accommodate everyone, but we will do our best.

Please give me a ring to see if I can help you.

Best wishes

John Horn
Minibus co-ordinator.
